What class should I sign up for?

Beginners: We have 2 introductory classes separated by age only, for those who are just getting started.

Snowplow 1: is for age 5 and under.

Basic 1: is for age 6 and up.

The difference between B1 and SP1 is maturity, comprehension, and natural strength. Often in Snowplow 1 the coaches must prepare for separation anxieties with many of those little skaters.

Hockey 1: In order to sign up for Hockey 1 the skater must have passed Basic 2 or 3, and must be able to skate 1 lap around the rink independently. Disclose ADM enrollment please.

***NO EXCEPTIONS** to these enrollment guidelines

WRONG Enrollment: If you are unable to enroll because your required class is full, please DO NOT register for another level. Your skater will be un-enrolled and placed on a waiting list. This is also true if it is discovered during class time.

Enrollment Gap: Took a break from lessons? When re-enrolling it's best to register for the class they previously passed for a refresher. We will be glad to move them forward once they are at their previous skating skill set.

Transferring from another LTS program: Please email Brandy Hemphill stating you are a transfer and include your skater's previous program, dates and levels completed.

Session Details:

 - **Sample of practice:** Friday LTS hour 4p – 5p, Class time at 4:30 making practice time 4-4:30

Preparing for Class

- Wear socks that pull above the skate and bring a water bottle they can keep off the ice.

Skate Rentals:

- Skates are available for rent at no cost. Just head straight back and look for the **Skate Rental sign next to Rink 2 entrance.**

Class Start Time:

- Note your class start time, as it may change from one session to another but not week to week.
- Line-up at your designated area in **Rink 1** just prior to your start time. **Look for your class sign on display along the rink walls,** where your coach will meet the class.
